

Date: 05/05/2026

Dear **Sahil Kumar**,

Subject: Internship Appointment Letter

We are pleased to offer you an internship opportunity at **Supernal Ventures Pvt. Ltd.** This letter serves as your official appointment as a **Python Developer Intern** within our organization.

Internship Details:

- **Start Date:** 10/05/2026
- **End Date:** 10/07/2026
- **Location:** Hybrid (Office Location: Surat, Gujarat)
- **Working Hours:** Monday to Saturday, 10:00 AM to 5:00 PM

Roles and Responsibilities:

During your internship, you will be expected to contribute to the following activities:

Code Development and System Architecture:

- Write efficient and scalable code to analyze multiple Indian equities simultaneously.
- Develop robust code architectures for trading systems that support maintainable and optimized execution.
- Build modular and extensible components for data ingestion, processing, and trade execution pipelines.

Economic Analysis and Market Integration:

- Implement functions to incorporate custom economic indicators for predicting market trends.
- Integrate macroeconomic data for more accurate modeling of equity market behaviors.

Backtesting and Performance Optimization:

- Conduct comprehensive backtesting of pre-defined trading strategies using historical data.
- Optimize system components for better performance and speed in real-time environments.

Data Handling:

- Clean, preprocess, and organize extensive datasets using tools like Pandas and NumPy.

mgmt@supernalventures.info

- Ensure data accuracy by implementing robust validation pipelines.

AI and Machine Learning Integration:

- Use AI and machine learning techniques to enhance system intelligence and adaptability.
- Build predictive models for market inefficiency detection and risk mitigation.

Risk Management System (RMS) Development:

- Design and implement a comprehensive RMS to manage potential market risks and protect investments.
- Develop alerts and mechanisms to handle market anomalies.

Testing and Debugging:

- Create and execute test cases for trading system components to ensure system reliability.
- Perform unit and integration testing for error handling and system stability.

End-to-End System Development:

- Build complete trading systems for predefined strategies from scratch, encompassing all development phases: system conceptualization, architecture design, coding, testing, optimization, and deployment for live trading environments.

Live Trading Support:

- Maintain, refine, and monitor trading systems during live trading sessions.
- Troubleshoot issues and ensure smooth execution of strategies in real-time.

Stipend and Benefits:

- **Stipend:** This is paid internship; you will get INR 10000 per month as stipend.
- **Accommodation and Food:** You will be provided with free accommodation and meals during the internship. You are required to follow the **Accommodation Policy** as outlined by the company. Any violation of the policy may lead to termination.
- **Certificate:** Upon successful completion of the internship, you will be awarded an **Internship Completion Certificate**.
- **Networking:** Opportunities to network with industry professionals to enhance your career prospects.
- Hands-on experience working on a cutting-edge trading platform in the financial services industry.

Code of Conduct:

You are expected to adhere to the **Intern Code of Conduct** and all other company policies during your internship. Any breach of the code may result in the termination of your internship.

Confidentiality:

As an intern, you will have access to sensitive and proprietary information. You are required to maintain the confidentiality of this information during and after your internship.

Termination:

Your internship may be terminated by either party with One week's notice. Additionally, your internship may be terminated without notice if there is any violation of the Code of Conduct or company policies.

Acceptance:

Please sign and return a copy of this letter as a token of your acceptance of the terms and conditions mentioned herein.

We look forward to your valuable contribution to **Supernal Ventures Pvt. Ltd.** and hope this internship will be a rewarding experience for you.

Yours sincerely,

Kalp Patel

Founder

Supernal Ventures Pvt. Ltd.

Acknowledgement and Acceptance:

I, **Sahil Kumar**, accept the terms and conditions mentioned in this Internship Appointment Letter.
